

# 2010 Transportation Achievement Awards

## CALL FOR NOMINATIONS

The NY Upstate Section is searching for Members and Organizations that should be recognized for their contribution to the transportation community over the past year. Below, you'll find a description of the award categories, criteria, eligibility requirements and a streamlined format for submitting nominations. The 2010 recipients will receive an award and be honored during the ITE NY Upstate Section Annual Meeting in the Albany area on October 25-26, 2010. Award recipients will also be featured in *The Interchange* and the Section's website.

This is an opportunity to recognize your colleagues who have demonstrated leadership, played a role in your career or have been dedicated to maintaining high standards in their application of engineering and/or planning techniques. Please circulate this information to everyone working within your organization, and collectively or individually nominate a significant project or individual you believe to be worthy of consideration.

Fax or email your nomination(s) to Kim Fabend by September 1, 2010 (fax: 315-455-9667, email: [kfabend@cscos.com](mailto:kfabend@cscos.com)). Electronic nomination submissions are encouraged.

---

### NY Upstate Transportation Project Award

The NY Upstate Transportation Project Award will recognize outstanding transportation projects during a given year. The recipient of this award must demonstrate advancement in the use of technology, practical application or implementation techniques, cooperation and coordination with multiple jurisdictions and/or agencies. This award may be awarded to one project or various geographically representative projects throughout Upstate New York. The NY Upstate Section awards the Transportation Project Award on an annual basis to a government, organization, or legislative body that is deserving based on the application of sound transportation planning and engineering principals.

---

### NY Upstate Transportation Professional of the Year Award

The NY Upstate Transportation Professional of the Year Award will recognize outstanding contributions to the transportation profession during a given year. The recipient of this award must have demonstrated advancements in the transportation engineering and planning profession through leadership, administration, practical applications of engineering and/or planning techniques or principles, training, or research and development. The NY Upstate Section awards the Transportation Professional of the Year Award on an annual basis to a government or private sector engineer who is truly deserving based on professional accomplishments during the previous year. Nominees are not required to be ITE members, though it would be preferred.

---

### NY Upstate Young Transportation Professional of the Year Award

The NY Upstate Young Transportation Professional of the Year Award will recognize outstanding contributions to the transportation profession during a given year. The recipient of this award must have demonstrated advancements in the transportation engineering and planning profession through leadership, administration, practical applications of engineering techniques or principles, training, or research and development. The NY Upstate Section awards the Young Transportation Professional of the Year Award on an annual basis to a government or private sector engineer who is truly deserving based on professional accomplishments during the previous year. The recipient must be 35 years of age or younger and is not required to be an ITE Member.

---

### Carol A. Keck Award

This award is given to a NY Upstate Section member for outstanding contributions to the Section. The award is presented on a non-annual basis. Any Upstate Section member may propose potential candidates for this award. Nominees must be ITE members. Past Carol A. Keck award recipients are exempted from selection.

---
